DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group II, fig. 11-14, claims 1, 2, 4, 5 in the reply filed on 6-28-04 is acknowledged.

2. Claims 1, 17, & 22 are generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claim 3, is no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim. However, claims 6-16, directed to other species remain withdrawn from consideration since they do not depend upon or otherwise include all the limitations of an allowed generic claim as required by 37 CFR 1.141.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

3. This application is in condition for allowance except for the presence of claim 6-16 which were non-elected without traverse. Accordingly, claims 6-16 have been cancelled.

Allowable Subject Matter

4. Claims 1-5, 17-26 are allowed over the prior art of record.

5. The following is an examiner's statement of reasons for allowance:
